

Puzzle by John de Cuevas

"If you took the same course at Harvard, you'd pass it."

Instructions: Answers to the cryptic clues, which include three proper names, are to be entered in the diagram normally. Heavy bars indicate word endings. When the diagram is correctly filled in, solvers should find a hidden answer (not bound by the heavy bars) a clue to which is the title of the puzzle.

Clues:

Across

- 1 Once again isn't able to take back
- 5 A word (or two) for a bird
- 9 Wrote off loom
