

Special Puzzle — "Looking High and Low" by Arthur Schless

Instructions: Guess the words defined by the cryptic clues (words vary in length from three to ten letters and include three proper names), then enter them in the grid one after another in the same order as their clues, starting in the upper left corner. Across words that don't end at the right margin continue on the next line, and down words that don't end at the bottom margin continue in the next column. Seven across words and eight down words won't fit in the grid unless one of their letters is removed. Those fifteen letters, taken in order, spell a two-word phrase related to the three mystery entries.
