

Puzzle #33 – February 2004 "Go with the Flow"

Instructions: Guess the words defined by the cryptic clues (words vary in length from three to nine letters and include two proper names), then enter them in the grid one after another in the same order as their clues, starting in the upper left corner. Across words that don't end at the right margin continue on the next line below; down words that don't end at the bottom margin continue in the next column to the right. Five across words and four down words won't fit in the grid unless one of their letters is omitted. Those nine letters, taken in order, spell the name of the author of the work identified by the *mystery title*. As ever, I am grateful to Kevin Wald for help with the clues.
