

## Special Puzzle #2--August 2002 "EXIT"

**Instructions:** Guess the words defined by the cryptic clues (words vary in length from three to nine letters), then enter them in the grid one after another in the same order as their clues, starting in the upper left corner. Across words that don't end at the right margin continue on the next line below. Down words that don't end at the bottom margin continue in the next column to the right. Nineteen answer words must be altered before they will fit in the grid. Five across words and five down words won't fit unless one of their letters is omitted. Those ten letters, taken in order, spell a three-word phrase that explain how the other nine words, two of them across and seven down, are to be altered. Answers include five proper names.
